

Cedar Hill ISD parents & guardians,

The District is looking forward to welcoming scholars to our campuses for in-person Traditional Learning on Tuesday, October 6, 2020. We will continue to offer online Flex Learning, but we are excited to give our families a choice of how their child will receive instruction.

Today, CHISD is opening the Learning Plan Commitment form for the second grading cycle. Between now and Wednesday, September 23, parents are asked to log in to their Skyward Family Access accounts and complete the forms needed for the second grading cycle:

- Learning Plan Commitment Form
- Bus Rider Commitment Form
- Parental Acknowledgements Form
- Free and Reduced Lunch Form

For the Learning Plan Commitment Form, you will be asked to select from the options below:

**Online Flex Learning:** I would like for my child to engage in online Flex Learning for the second grading cycle (Oct. 19 - Jan. 29 for elementary school scholars, Oct. 19 -Dec. 4 for middle and high school scholars).

During the second grading period, I will monitor the COVID-19 situation and make a decision regarding face-to-face learning after I have had an opportunity to assess the pandemic and the impact it is having on staff and scholars in school. I further understand that my child will remain in Flex Learning for the entire second grading cycle. My child may participate in Traditional Learning at the start of the third grading cycle, if I so choose. If my child is enrolled in middle or high school classes such as welding, certain face-to-face dual credit courses, dance, cheer, athletics and/or band, my child will have an option to attend those classes face-to-face, if offered. Note: UIL rules will govern participation in athletics and band.

**Traditional Learning:** I would like for my child to attend school face-to-face. In addition, I understand that my child may be placed on a Flex Learning schedule for various periods of time as the district addresses positive COVID-19 cases among the staff and scholars throughout the school year. I understand I have the option to transfer my scholar from Traditional Learning to Flex Learning at any time.

Cedar Hill High School families, the Texas Education Agency (TEA) is allowing districts to implement a hybrid learning model at 9-12 grade campuses. If the number of scholars choosing in-person Traditional Learning exceeds 50% of the enrollment, CHISD leadership will begin discussions on whether to implement the hybrid learning model for CHHS. Our district leaders

will monitor the learning plan commitment data and will consider local health factors before making a decision.

Thank you for taking the time to complete these important forms needed for the second grading cycle. To read more information about online Flex Learning, in-person Traditional Learning, and the Hybrid model visit [chisd.net/blueprint](https://chisd.net/blueprint).

Sincerely,

Dr. Gerald B. Hudson  
Superintendent of Schools  
Cedar Hill Independent School District
