### Virtual learning live teaching!!

Students that will be learning from home need access to their teacher just like they would if they were doing face to face learning.

### Virtual learning class switching.

I believe the children learning at home should have a schedule just like they would if they were doing face to face learning.

### Will there still be fine arts fees if online?

Planning for budget.

### Why children and teachers not being required to do at least scheduled virtual instruction each day as they would the traditional class setting?

For each subject they would normally attend each day they should be required to login and get taught. Why are we managing screen time in this situatio

### LIVE TEACHING

Will there be a set schedule for live teaching sessions as in-person? Will both happen at the same time?

4.1 ★★★★★ (14 👤)

### Scholars attending classes online are at a disadvantage. Training videos are not the same as actual teaching. They deserve an actual online lesson!

The small timeframe the share with all students 4 questions or 2 interact with the teacher is not enough for an actual lesson!

### Will tutoring be provided for Flex learners?

Having tutoring after school hours is beneficial for students and parents who may not be able to attend live instruction time.

4.1 ★★★★★ (13 👤)

Ranked #7 of 20

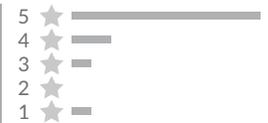

### Will the virtual children get to engage with the in- person children throughout the day?

It is important for social interaction

In the first session the question was asked about Dr notes for returning students that were confirmed to have COVID and the response was no.

Will those coming off of 14 day quarantine be required to test negative before returning to school, since it's possible to still have virus past 14day

### School Supplies

Will there be a difference in what is required this school year since sharing would be best for all.

I work fulltime as a teacher away from the home...to help my son with his online work I will need to help him when I get home.

Can scholars work be due in the evening NOT at 3 pm, so parents can assist/overlook with task? Most scholars will not have an adult home.

If we feel uncomfortable sending our daughter to school to play sports and participate in band, will there Be alternate options so she can get credit?

We don't want her to be penalized or miss out on the learning experience.

**My son is in band /would like to be in band again this year. How are we doing that? Virtual? (He's doing virtual learning).**  
We need more info on how to select it and how is going to take place.

**Will students be able to have a orientation on what the expectations is as far as behavior and consequences from social distancing at school.**

That way the scholars are on board and can assist us in partnering with each other to keep a healthy and safe environment

**Athletics: Will parents and CHISD community be notified "immediately" of staff and athletics testing positive?**

How often will you perform screening for these activities?

**How do we select electives like band, athletics, ect, for our virtual learners? How will it take place? Do they come on certain days to attend?**

Safety, while still getting in electives!

### How will Flex learners participate in PE and athletics?

If UIL chooses to resume activities and parents do not agree, how are student athletes and other students of extra curriculums affected?

### What are the plans for Band for scholars at Collegiate Academy?

Our scholar will participate in flex learning yet has Band as an elective. Will Band still be an option?
