

Cedar Hill Independent School District

What questions or thoughts do you have about Cedar Hill ISD's School Choice programs?

Q1 What questions or thoughts do you have about Cedar Hill ISD's School Choice programs?

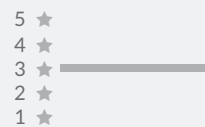

Is Permenter Middle School no longer a part of the collegiate program? My child is currently in Entrepreneur & Audio Visual

I didn't see Permenter Middle School listed. Will my child automatically roll over to the Collegiate Academy or do we need to reapply?

Please give a breakdown of which schools CHISD scholars can attend at the elementary level PK-5, Middle school level 6-8 and High School 9-12. There are so many changes being made throughout the year and I want to be sure I know which schools my child can apply to. Thank you.

Do middle school teachers actually use the textbooks given? My elementary scholars rarely use the textbooks I haven't found references to current chapters/pages. It would be helpful to have one place to find material and help my scholars study.

Can the district add swimming to its sport so that scholars won't have to leave the district for a private school It is important due to paying high property tax and it doesn't make sense to send a child to private school when district can't meet our needs

If my child attends CHISD Collegiate and wants to continue in the program will he/she need to submit a choice in Schoolmint? When I log into Schoolmint I do not see a tab for re-enroll or withdraw for school year 2021-2022.

Will there be any type of campus tours virtual or otherwise for new middle school scholars? I'm curious about periods in the day, choices of electives, is it block schedule or regular etc. I have so many questions just about middle school.

Without the middle school specialized programs, would we still have a choice between Permenter and Coleman? We are zoned for one but may want to choose the other.
